

WiPDA

The 9th IEEE Workshop on Wide Bandgap Power Devices & Applications
November 7 – 9 2022

EXHIBITORS' MANUAL

Welcome Message

Dear Sponsors and Exhibitors,

The 9th Annual IEEE / PMSA Workshop on Wide Bandgap Power Devices and Applications (WiPDA) [www.wipda.org] is brought to you by the IEEE Power Electronics Society (PELS), the Power Supply Manufacturer's Association (PMSA), and the IEEE Electron Devices Society (EDS) and provides engineers and scientists with opportunities to share their expertise in wide bandgap (WBG) semiconductor technology.

The 2022 edition is returning to an in-person event from November 7 – 9, 2022 at the Sonesta Redondo Beach and Marina in Redondo Beach, California.

After this long period of remote communication and virtual events, we look forward to meeting again in person, where face-to-face interactions with old and new friends will be possible in a safe environment.

I look forward to meeting you all in Redondo Beach in November 2022!

Andrea Gorgerino
WiPDA 2022 General Chair

Notes:

1. Exhibitors are allowed in their booths at the opening of daily sessions through the closing time
2. Dismantle: Exhibit area must be cleared of all boxes by 18:30 Wednesday November 9. Exhibitors are responsible for arranging a courier for their shipments.

Complimentary Registrations

If a complimentary registration was included with your sponsorship a unique code will be sent. There are no exhibit badges for exhibitors' staff that exceed the number of complimentary registrations that come with the booth/sponsorship.

Any other additional exhibitor and Company staff must register and pay the registration fee.

Exhibition Booth Activities

Display and distribution of any material (flyers, posters, give aways, etc.) must be done only by registered exhibitors. Non-exhibitors are not allowed to display any material in any part of the Conference venue.

The WiPDA committee encourages exhibitors to offer attendees an interesting, educational, and interactive experience at their booths. Free gifts should have a limited value and comply with the national guidelines of the country in which the conference takes place.

Signage details for meal, coffee break, poster sponsorship:

The display easels are about 5' 8" tall with the lowest point of the display area around 3" off the ground. They can accommodate signage that are roughly 38" x 24".
